**MEMORANDUM**

TO: CHHP Curriculum Committee Members

FROM: Holly Moses

SUBJECT: Proposed Changes to Health Education & Behavior Student Learning Outcomes (SLO's)

The following are information only items for review at the October 7 CHHP Curriculum Committee Meeting. These changes would be effective Fall 2009:

1. Addition of courses to list of SLO courses  
**Add:** HSC4713 and HSC4800  
**Justification:** Courses were added to the curriculum as core courses for 2009-10 catalog year.
2. Removal of course to list of SLO courses  
**Remove:** HSC4664  
**Justification:** Course has been removed from the curriculum as a core course for 2009-10 catalog year.

Major:

College:

Effective term and year revisions will take place: Term                      Year

Revisions requested in: (select all that apply)

Student Learning Outcomes (SLO)                      Assessment of SLOs

Briefly describe the revision and include the revised language:

Rationale/Justification for the revision:

If SLO is checked – Describe the individual student assessments that will be used measure the revised SLO?

If Assessment is checked – How does this new assessment method address the SLOs? Which SLOs does this new assessment apply to?

If both checked: How do the assessment methods relate to the SLOs?

Please attach both the current ALC and the new, revised version.

## Academic Learning Compact

### Health Education and Behavior

#### Description of the Major

The Bachelor of Science in health education prepares you to work as a health education specialist in schools, government agencies, voluntary health organizations, philanthropic foundations, colleges and universities, private-sector industry, health care and other settings to improve the health and well-being of individuals, families, groups and community populations. Grounded in social, behavioral, biological and health sciences, the curriculum develops your understanding of the causes and determinants of mortality and morbidity, and develops specific competencies required of entry-level health education specialists. Upon graduation, you will be eligible to take the Certified Health Education Specialist examination governed by The National Commission for Health Education Credentialing, Inc.

Additional information is available from your major's website.

#### Before Graduating You Must

- Satisfactory performance on at least one major assignment or examination for each core course required for the degree as determined by performance criteria developed specifically for the assignment.
- Satisfactory completion of the 15 credit hour health education internship (HSC 4876) as indicated on the final performance appraisal.
- Satisfy the Florida statutory requirements for CLAST.
- Complete requirements for the baccalaureate degree, as determined by faculty.

#### Skills You Will Acquire in the Major (SLOs)

1. Assess individual and community needs for health education.
2. Plan effective health education programs.
3. Implement health education programs.
4. Evaluate the effectiveness of health education programs.
5. Coordinate the provisions of health education services.
6. Act as a resource person in health education.
7. Communicate health needs, concerns and resources to identified clients and consumers.
8. Understand the major concepts and principles related to nutrition, substance abuse, emotional health, human sexuality and environmental health.
9. Analyze situations, conditions and events to solve problems independently and to evaluate health education outcomes.
10. Select health education programs and services based on best-evidence.
11. Communicates health concepts and health information using a variety of channels to

individuals, families and groups from diverse backgrounds in various settings.
