

HSC 5142 (Section 0358) Drug Education

Fall 2010

Department of Health Education & Behavior

Location:	285 Florida Gym
Time:	MWF, Period 3 (9:35 – 10:25 AM)
Instructor:	W. William Chen, Ph.D., C.H.E.S.
Office:	19 Florida Gym
Phone:	392-0583 ext. 1284
Email:	wchen@hhp.ufl.edu
Office Hours:	10:30-11:30 AM, MWF; 1:55-2:45 PM, W. & by appointment
Department Chair:	Jay Bernhardt, Ph.D., FLG 5
Required Textbooks:	Ksir, C., Hart, CL, & Ray, O. (2009). <i>Drugs, Society, and Human Behavior</i> , 13 th edition. McGraw Hill, New York.

Course Objectives:

HSC 5142, a basic course in drug education which gives a broad view of the elements involved, such as individual behavior, environmental factors, and drugs. All aspects of illicit and licit drugs and drug taking will be approached in a factual stance; i.e., what has been documented to date, so that the participants might better be able to separate speculation and bias from facts. The emphasis is also placed on methods pertaining to the preventive aspects of drug misuse and abuse.

Specifically, the objectives of the course are to:

- (1) Identify major drugs of abuse and demonstrate an understanding of their adverse effects.
- (2) Discuss current factual information and issues related to drugs and alcohol.
- (3) Describe the complexity and interaction of individual behavior, psychophysiological effects of drugs, and environmental impact in relation to drug use, misuse and abuse.
- (4) Explore possible alternatives to drug use.

- (5) Develop an effective drug education plan relative to a specific target population.
- (6) Objectively analyze the existing literature in selected areas of drugs and alcohol.
- (7) Explore personal attitudes regarding drug use, misuse and abuse.

Course Policies:

Policy on exams and assignments:

Exams are to be taken on the assigned dates. Assignments will not be accepted electronically and are due during the class period on the assigned due date (unless otherwise noted). Make-up exams and late assignments will be considered without penalty only under unusual or extenuating circumstance.

Policy concerning accommodations for students with disabilities:

Students with disabilities who need reasonable modifications to complete assignments successfully and otherwise satisfy course criteria are encouraged to meet with the instructor as early as possible to identify and plan specific accommodations. Students must supply a letter from the *UF Office of Students with Disabilities* to assist planning modifications.

Honest Policy:

By formally registering for coursework at the University of Florida, you agree to abide by the following statement:

“I understand that the University of Florida expects its students to be honest in all their academic work. I agree to adhere to this commitment to academic honesty and understand that my failure to comply with this commitment may result in disciplinary action up to and including expulsion from the University.”

Evaluations:

- 1. Exams.** Two exams and two quizzes will be given throughout the semester.
- 2. Literature Review.** Read and provide a written review of assigned articles from the reading list. See literature review guidelines for additional information.
- 3. Attendance and Participation.** Full attendance and active participation in classroom discussion will be given extra points. (5 points for full attendance, 3 points for one absence)
- 4. Research Paper.** Complete a research paper on a self-selected topic related to drugs and alcohol. The paper should be 12-15 typewritten pages in length (it can be longer,

if you wish), and must incorporate the following information. The paper is due on or before **November 22, 2010**. The grading criteria will include: clarity, organization of the paper, depth of the research, insight and appropriateness of referencing methodology (you could use either APA or AMA style).

- Introduction- Introduce the extent of the problem or issues and its significance and objectives of the paper.
- Research findings- Factual information reported in the scientific literature.
- Solutions or preventive measures used to alleviate the problem or issue. This could include ideas for prevention or treatment programs and/or resources that are helpful to address the problem or issues.
- Summary and conclusion
- References

Grading

Exam 1	100 points
Exam 2	100 points
Quiz 1	50 points
Quiz 2	50points
Literature Reviews	50 points
Research Paper	100 points
<hr/>	
Total	450 points

A	405 or higher
B+	383 - 404
B	360 - 382
C+	338 - 359
C	315 - 337
D+	293 - 314
D	270 - 292
E	below 270

Tentative Class Schedule

Date	Topic	Readings
Aug 23	Introduction	
Aug 25-27	Overview of Drug Use and Abuse	Chapter 1 & 2
August 30- Sept 1	Current Perspectives- Why Drugs & Issues Related to Drug Use and Abuse	Chapters 3
Sept 3& 8-10 Sept 6	Physiological Basis of Drug Action on CNS & Behavior Labor Day	Chapters 4 & 5
Sept 13	Quiz # 1	
Sept 15- Oct 1	Alcohol, the Most Popular Psychoactive Drugs	Chapter 9
Oct 4-8	Stimulants and Performance Enhancing Drugs	Chapters 6 & 16
October 11	Exam #1	
Oct 13-22 Oct 15	Depressants, Inhalants & Drugs for Mental Illnesses Home Coming	Chapters 7 & 8
Oct 25-27	Opioids	Chapter 13
Oct 29- Nov 3	Hallucinogens	Chapter 14
Nov 5	Quiz # 2	
Nov 8-12	Marijuana	Chapter 15
Nov 15-19	Tobacco	Chapter 10
Nov 22-29 & Dec 1 Nov 26	OTC Drugs & Caffeine Thanksgiving Holiday	Chapters 11 & 12
Dec 3	Drug Abuse Prevention & Control	Chapter 17
Dec 6	Project Presentations	
Dec 8	Exam #2	

HSC 5142 Drug Education

Guidelines for Literature Review

- Each Literature Review shall include a **SUMMARY** of the information discussed in the article and your **CRITIQUE** of the article (separate and label each section). The summary shall highlight the main issues and contents of the article and **conclude with the main message the article is trying to convey**. The critique shall include your personal reaction/perspective and **how the information can be used in drug education and prevention**.
- The review shall be keyboarded, double spaced using 12 point font.
- Include your name, the article title and number, and due date on the front/top of page one.
- Your review should be completed in **2** pages.
- Two articles are listed per topic/due date. You are expected to read both articles; however, **you are required to select only one article per topic/due date to complete the written review**.
- A total of 5 reviews are assigned—each review is worth 10 points.
- Review shall be submitted during class on the due date
Assigned articles and due dates are listed below.

Due Date	Article #	Topic Area
#1 Wednesday, May 13	1, 2	Overview & Drug Issues
#2 Wednesday, May 20	3, 4	Drug Effects, Dependency & Addiction
#3 Wednesday, May 27	5, 6	Issues Related to Commonly Abused Drugs
#4 Wednesday, June 3	7, 8	Consequences of Drug Misuse & Abuse
#5 Wednesday, June 10	9, 10	Drug Abuse Prevention & Treatment
