

Q1.

APPLIED PHYSIOLOGY AND KINESIOLOGY (APK)
INTERNSHIP SITE APPROVAL FORM

Q2.

The **Department of Applied Physiology and Kinesiology (APK)** at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all **undergraduates** complete 12-credits of internship experience once becoming eligible. Undergraduate students must earn a minimum of 520 clock hours in the process of completing the 12-credits of the internship course. However, undergraduate students may choose to complete all 12-credits in a single semester, or split the credits over two semesters. Students choosing to split the internship credit into two, 6-credit, semesters are required to complete a minimum of 260 clock hours at the internship site each semester. **Graduate** students in the Human Performance concentration may elect to complete between 3 - 9 credits of internship to count towards their degree. Each registered credit of graduate internship requires a minimum of 48 clock hours be completed and a graduate student must register for at least 3 credits in any semester they intend to complete an internship. Therefore, a graduate student will be required to complete between 144 - 432 hours during their internship. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest. A brief description of our undergraduate and graduate programs is below:

APK Undergraduate Program: Prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agency, to pursue graduate study in kinesiology, OR to pursue graduate study in a health profession requiring education beyond an undergraduate degree. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. Students may pursue internship opportunities in healthcare, research, fitness, or other areas of human performance.

Human Performance (Graduate): The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students may be trained to be an integral part of a health care team that administers, assesses, and develops programs for clinical, general public, or high-performance populations.

Q14. What Semester(s) Is Your Organization Available To Accept Interns? (select all that apply)

☒ Fall (August - December)

☒ Spring (January - April)

☒ Summer (May - August)

Q15. APK Internship Policy requires that a site supervisor hold one degree higher than the student intern. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree and those of graduate interns must hold at least a master's degree. Based on this policy, for which category of students is your organization willing to accept applications? Check all that apply

☒ Undergraduate Students

☒ Graduate Students

Q16. How many interns is your organization willing and able to support per semester?

2

Q35. APK Undergraduate students are permitted to complete a single 12-credit (520 hour minimum) internship in a single semester or two, 6-credit (260 hour minimum) internships over two semesters. Are you willing and able to provide a part-time internship experience (~20 hours per week), full-time (~40 hours per week), or either to our undergraduate students depending on the student's internship plans?

☐ Part-Time Internship (~20 hours per week)

☐ Full-Time Internship (~40 hours per week)

☒ Either Part-Time or Full-Time depending on the student's internship plan

Q17. Describe the normal working hours anticipated for an intern at your organization. Please indicate likelihood and circumstances surrounding any evening or weekend time commitments.

Generally we operate: 0800-1600 M-F 1200-1300 Lunch Close on Federal Holidays and Weekends There are time we Observe the Army Combat Fitness Test (ACFT) at 0600-0800. Depending on the Intern Interest, we will assign him/her with the Appropriate Staff Member to Shadow and Intern. Most of our Interns do 2-3 Hours a day since they are Active Duty Military.

Q18. Does your organization offer non-paid or paid internships?

☒ Non-paid

☐ Paid (amount)

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)

Most Members/Interns are Military Affiliated and have benefits. There are no Status of Forces Agreement (SOFA) endorsements for Volunteers or Interns.

Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)

No Purchases Required

Q23. List required skills or previous experience necessary for interning with your organization

Intern must be willing to work with Military Members. It wont hurt if Interns are in an Exercise Science related Degree - we will work with them to get them what they seek.

Q24. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, Liability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)

Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:

In General, Interns will learn a lot depending on what they want to do here at the AFWC. The AFWC approach to service is holistic. AFWC staff members take into account all of an individual's physical, psychological and social circumstances when providing services. A holistic approach is important because a person's health cannot be fully addressed unless we consider the whole person. Services include: - healthy nutrition education - metabolic testing - health assessment review - metabolic testing - exercise testing - stress management education - weight management - biometric screening - general wellness education

Q26. Please describe a typical day for the intern:

Generally we operate: 0800-1600 M-F 1200-1300 Lunch Close on Federal Holidays and Weekends There are time we Observe the Army Combat Fitness Test (ACFT) at 0600-0800. Depending on the Intern Interest, we will assign him/her with the Appropriate Staff Member to Shadow and Intern. Most of our Interns do 2-3 Hours a day since they are Active Duty Military.

Q28. All Interns (undergraduate and graduate) MUST be evaluated on **at least** 6 of the following 9 Student Learning Outcomes (SLO's), though evaluation of all 9 is preferred. Please check each SLO that applies to the duties/responsibilities provided to interns at your organization.
