

Q1. APPLIED PHYSIOLOGY AND KINESIOLOGY (APK) INTERNSHIP SITE APPROVAL FORM

## Q2.

The **Department of Applied Physiology and Kinesiology** (APK) at the University of Florida would like to thank you in advance for taking the time to complete the approval process and your willingness to provide valuable internship opportunities to our students. The Department of APK requires that all undergraduates complete a 12-credit internship experience and graduate students complete a 5-credit internship experience during their final semester. The experience requires a minimum of 520 clock hours for undergraduates and 600 clock hours for graduate students, or 35-40 hours a week for 15 weeks, for the Fall and Spring semesters or 40-45 hours a week for 13 weeks, for the Summer semester. Ideally, interns become exposed to the tasks that will be required of them as professionals in the field, as well as receive opportunities to develop their skills and areas of interest within their specialization. The specializations within the department are:

**Exercise Physiology (Undergraduate)**: Prepares students interested in pursuing a career in one of the health professions or graduate study in exercise science. The curriculum provides a strong basic science background and requires additional course work in the biological aspects of exercise. For intern hours in this specialization, students are expected to complete hours in a biomedical research setting related to exercise and/or sport.

**Fitness/Wellness (Undergraduate)**: prepares students to function as an exercise technician, exercise specialist, and/or wellness instructor in hospital, corporate, private, or governmental agencies. The curriculum emphasizes practical aspects of fitness and wellness.

**Human Performance (Graduate)**: The Human Performance concentration is a non-thesis program leading to a Master of Science degree in Applied Physiology and Kinesiology. Its purpose is to train students for careers where they can promote scientifically based exercise, wellness, and psychological factors to enhance health, athletic development and/or movement performance. Furthermore, students will be trained to be an integral part of the health care team that administers, assesses, and develops programs for clinical populations.

Please review the <u>APK Internship Policies and Procedures</u> Document to gain a better understanding of the expectations of students and site supervisors during the experience.

Q5. Organization Name
Pure Barre Gainesville
Q6. Organization Location(s) - Include Addresses Of All Locations To Be Included As Part Of This Approval
4201 NW 16th Blvd, Gainesville, FL 32605
Q7. Name of Individual Who Will Receive Applications From Students
Elisa Gonzalez-Rothi
Q8. Email Address of Individual Who Will Receive Applications From Students
gainesville@purebarre.com
Q9. Phone Number of Individual Who Will Receive Applications From Students
(352)359-4930
Q10. URL of Website For Organization
https://purebarre.com/fl-gainesville/
Q11. Name of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations
Elisa Gonzalez-Rothi

Q12. Email Address of Individual Who Will Supervise Students Directly During Internship and Complete Evaluations

gainesville@purebarre.com	
Q13. Phone number of Individual Who Will Supervise Students Directly During Internship and Co Evaluations	omplete
(352)359-4930	
Q14. What Semester(s) Is Your Organization Available To Accept Interns? (select all that apply)	
✓ Fall (August - December)	
✓ Summer (May - August)	
Q15. APK Internship Policy requires that a site supervisor hold one degree higher than the stude. This means that site supervisors of undergraduate interns must hold at least a bachelor's degree graduate interns must hold at least a master's degree. Based on this policy, for which category o your organization willing to accept applications? Check all that apply	and those of
✓ Undergraduate Students ✓ Graduate Students	
Q16. How many interns is your organization willing and able to support per semester?	
1	
Q17. Describe the normal working hours anticipated for an intern at your organization. Please inclikelihood and circumstances surrounding any evening or weekend time commitments.	dicate
We are open 5AM-8PM Monday through Friday; Saturdays 7AM-11AM and Sundays 9-11AM and 4-6PM. Interns will typically shifts will vary each week. Typically interns will assist M-Th. 8AM-6PM and a shift on either Saturday or Sunday mornings.	y work 35-40hrs/week, but
Q18. Does your organization offer non-paid or paid internships?	
Non-paid	
O Paid (amount)	

Q21. List other benefits your organization offers interns (i.e. housing, health insurance, travel reimbursement, etc.)
fitness membership
Q22. List required purchases for interning with your organization (i.e. parking pass, uniform, I.D. Badge, etc.)
uniform consists of fitness apparel free of large logos other than Pure Barre branding, leggings that go past mid-calf and tops that cover the midriff.
Q23. List required skills or previous experience necessary for interning with your organization
computer skills (Microsoft Office, Adobe, etc); excellent written and verbal communication skills; ability to effectively manage time; basic social media skills (Instagram, facebook, etc); ability to perform basic fitness assessment testing and communicate results to clients; must have experience in group fitness environment, preferably experience with Pure Barre.
Q24. List any special credentials or documents required to intern with your organization (i.e. CPR/First Aid, iability Insurance, Personal Training Certification, OSHA training, HIPPA training, Pre-Internship orientation, background check)
Proof of health insurance; current CPR/first aid
Q25. Provide a bulleted list of duties/responsibilities your organization expects to be fulfilled by interns:
- assist with set up and conducting group fitness classes - assist with facility and equipment maintenance - assist with marketing and business campaigns - assist with social media - may assist with conducting fitness assessments and communicating results with clients - will be expected to understand and verbally explain the various fitness programs offered in the studio, including the physiological foundations and benefits of each - demonstrate proper exercise technique - assist with management of special events including in-studio events and classes, community fitness classes, health fairs, etc - assist with developing newsletters and promotional materials - customer service - check clients in; assist with selling and managing fitness memberships and client accounts; answering phone calls and emails and assisting clients and teachers

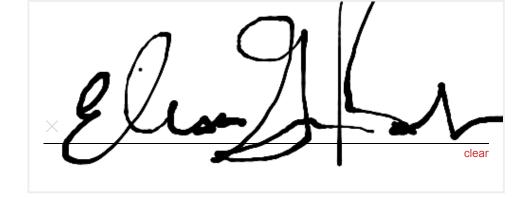

Q26. Please describe a typical day for the intern:

- assist with set up and conducting group fitness classes - assist with facility and equipment maintenance - assist with marketing and business campaigns - assist with social media - may assist with conducting fitness assessments and communicating results with clients - will be expected to understand and verbally explain the various fitness programs offered in the studio, including the physiological foundations and benefits of each - demonstrate proper exercise technique - assist with management of special events including in-studio events and classes, community fitness classes, health fairs, etc - assist with developing newsletters and promotional materials - customer service - check clients in; assist with selling and managing fitness memberships and client accounts; answering phone calls and emails and assisting clients and teachers

Q28. Interns must be evaluated on at least 6 of the following 9 Student Learning Outcomes (SLO's). Please check each SLO that applies to the duties/responsibilities provided to interns at your organization. Integrate principles and methods of math, social sciences, and arts Select and utilize the appropriate scientific principles when assessing and humanities to applied physiology and kinesiology, health, Ithe health and fitness of an individual and prescribing physical wellness, and/or fitness environments. activity based on those assessments. Solve applied physiology and kinesiology problems from personal, Identify and relate the nomenclature, structures, and locations of scholarly, and professional perspectives using fundamental concepts components of human anatomy to health, disease, and physical of health and exercise, scientific inquiry, and analytical, critical, and activity. creative thinking. Identify, examine, and explain physiological mechanisms of Collect, compare, and interpret qualitative or quantitative data in an homeostasis at various levels of an organism (i.e., cells, tissues, applied physiology and kinesiology context. organs, systems). Effectively employ written, oral, visual, and electronic communication Investigate and explain the effects of physical activity on techniques to foster inquiry, collaboration, and engagement among psychological health as well as the perspectives used to enhance applied physiology and kinesiology peers and professionals as well adherence to healthier lifestyles. as with patients, clients, and/or subjects. Identify and explain the acute and chronic anatomical and physiological adaptations to exercise, training, and physical activity. Q33. Name of APK student that requested the site approval form from you (if applicable) Q29. Would you like to be added to the Department's list of approved sites for future interns? Yes No Q32. Have you reviewed the APK Internship Policies and Procedures Manual? Yes

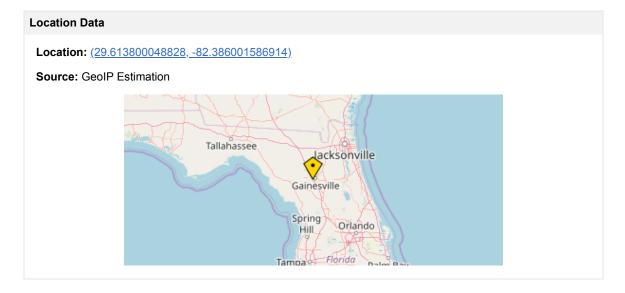

Q30. Signature of Individual Who Will Be Receiving Internship Applications

No

Q31. Signature of Individual Who Will Be Supervising And Evaluating Students During The Internship

Approved: 9.4.19

Blain Harrison, APK Internship Coordinator
