COURSE COMMUNICATIONS: Please send individual questions to me via the Inbox tool in Canvas. Do not use my personal ufl.edu email address for course correspondence. Given the number of students I have each semester, the Inbox Tool in Canvas is very helpful for me to keep track of your questions and respond in a timely manner. During weekdays, emails are usually responded to within 24 hours of receipt. However, weekday emails that have not received a reply within 48 hours should be re-sent. Emails sent over the weekend will be answered the following week.

In addition to announcements made in class, I use course announcements in Canvas somewhat frequently. Please check course announcements regularly.

If you have general questions about the course that could be answered by myself or fellow classmates, please feel free to use the course questions forum in Canvas found within the Orientation Module.

COURSE POLICIES

ATTENDANCE POLICY: Requirements for class attendance and work in this course are consistent with university policies that can be found on the <u>Attendance Policies page</u>.

Consistent class attendance is critical to your success in this course. We will use class time for informal lectures, along with dyad and small group work.

Please see the following website for deadlines for withdrawing from the course: <u>https://catalog.ufl.edu/ugrad/current/Pages/adspring1718.aspx</u>. For UF policies and procedures regarding dropping and/or withdrawing from all undergraduate courses on campus, please refer to the guidelines posted on the following UF website: <u>https://catalog.ufl.edu/ugrad/current/regulations/info/drops.aspx#withdraw</u>

QUIZ POLICIES: All student inquiries regarding quiz questions will be fielded following the initial grading of each assessment. Please send an email to the course instructor with any specific quiz-related concerns. All emails should be sent within 24 hours of completing the quiz or exam. The course instructor will evaluate the validity of each student concern and take appropriate action as needed (e.g. send a written response to the student, modify the course grade if the student inquiry is found to have sufficient merit).

MAKE-UP POLICY FOR QUIZZES: Quizzes are open for 72 hours. Please plan accordingly. If a student fails to submit a quiz on-time, they will be provided an opportunity to submit after the deadline only if they have an acceptable reason for missing the deadline. Decisions to allow student to make-up work will be made by the course instructor after consulting the university-wide attendance policies specified in the UF Undergraduate Catalog

(https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx).

DISCUSSION & ASSIGNMENT POLICY: Students are expected to do their best work on all course assignments and discussions. I assume that students will put forth their best effort on all course assignments to get the best results from the course. Students are expected to complete individual work on these assignments unless specified otherwise in the assignment. All module assignments are due by the date/time specified within the

"Syllabus" link on the Canvas course website. These discussions and assignments are open a week in advance and will be announced in class before they are due. Students are advised to make back-up copies of all work and submit their work early to prevent technical issues from precluding successful submissions.

MAKE-UP POLICY FOR MODULE DISCUSSIONS & ASSIGNMENTS: Unless otherwise noted, assignments are due at 11:59pm or before on the date indicated if submission is required via Canvas. Make back-up copies of all your work. Do not wait until the last minute to attempt your submission in case of technical issues. If technical issues do arise with Canvas, you should ask for formal documentation from the UFIT Help Desk at the time of the issue. This documentation should be provided with your request for late submission.

Assignments submitted in class should be complete before entering or before leaving the classroom depending upon the requirements of the specific assignment. Specific requirements will be discussed in class. Attendance in class is expected and necessary to do well in this course.

Please read the following carefully:

- Weekly module assignments and discussion posts will not be accepted late unless due to emergency. See last bullet in this list for emergency guidelines. You have a grace period until the start of class on Wednesdays to submit your assignment late with no reduction in points.
- Initial discussion posts will be made outside of class on Canvas. Discussion replies require you to be in class to earn credit for replies.
- All course project work is subject to a 10% deduction in grade for every day it is late.
- If an emergency arises which causes you to miss as deadline for assignments, it is your responsibility to contact the instructor within 24 hours and provide formal documentation via email within 72 hours so that you will have an opportunity to make up what was missed. Acceptable reasons for absences/missed deadlines as defined by university policies can be found on the <u>Attendance Policies page</u>.

COURSE TECHNOLOGY: This course is facilitated in person and online. All assignments will be submitted via Canvas. You may access Canvas from UF's e-Learning webpage: http://elearning.ufl.edu/. Please contact the UF Help Desk, http://helpdesk.ufl.edu, if you have any technical difficulties with Canvas. If a technical difficulty prevents you from submitting a quiz on time, you should work with the UF Help desk to secure formal documentation of the issue and exact time of issue.

INTERNET ACCESS: UF students can access eduroam for free with their GatorLink log-in credentials. The eduroam network is fast and secure and has more than 10,000 wi-fi hotspots in 106 countries and territories worldwide.

How to connect to eduroam:

- If you can get a Wi-Fi signal at any of the eduroam locations (see below) and your mobile device (laptop, smartphone, or tablet) has already been configured for eduroam, then you will automatically connect.
- Otherwise, follow the instructions for connecting here: <u>https://helpdesk.ufl.edu/connecting-to-eduroam-off-campus/</u>.

There are more than 100 Wi-Fi hotspots in Florida, including several state university campuses and community colleges. Also, in Florida all of the UF/IFAS Research and Education Centers (REC) are equipped with eduroam, so if you live in a rural area of your county you can visit an REC to securely watch course videos and take care of your academic needs. Here's a link to all the eduroam sites in the U.S.: <u>https://incommon.org/eduroam/eduroam-u-s-locator-map/</u>. If you have any problems connecting, you can call (352-392-HELP/4357) or <u>email</u> the UF Computing Help Desk.

ONLINE COURSE EVALUATION: Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <u>https://gatorevals.aa.ufl.edu/students/</u>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <u>https://ufl.bluera.com/ufl/</u>. Summaries of course evaluation results are available to students at <u>https://gatorevals.aa.ufl.edu/public-results/</u>."

UF POLICIES

UNIVERSITY POLICY ON ACCOMMODATING STUDENTS WITH DISABILITIES: Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, <u>www.dso.ufl.edu/drc</u>) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester and submit their letter of accommodation to the instructor no later than Week 3 of the semester.

UNIVERSITY POLICY ON ACADEMIC CONDUCT: UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The <u>Student Honor Code</u> specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

CLASS DEMEANOR OR NETIQUETTE: All members of the class are expected to follow rules of common courtesy in all email messages, threaded discussions, and chats. Review the <u>Netiquette Guide for Online Courses</u> for expected student behavior.

Properly wearing a mask is part of expected class etiquette with the current surge. See the <u>UF Provost Update</u> for details regarding this expectation. Also see additional information linked on the Syllabus page in our Canvas course.

IN-CLASS RECORDING: Per the House Bill 233 Intellectual and Viewpoint Diversity Act, students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. **Specifically, students may not publish recorded lectures without the written consent of the instructor.**

A "class lecture" is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To "publish" means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a

recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third-party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

SOFTWARE USE: All faculty, staff, and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

GRADING POLICIES

METHODS BY WHICH STUDENTS WILL BE EVALUATED AND GRADE DETERMINED:

Information on current UF grading policies for assigning grade points can be found at <u>https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx</u>. If you have questions about course expectations or the grading procedures, or if you have difficulty accessing or understanding the course content, readings, lectures, class activities, assignments, etc., please contact the course instructor or TA immediately.

Student Introductions and Syllabus Quiz: Each student will be asked to formally introduce themselves to their peers and the course instructor using the Introductory Discussion Forum with the Orientation Module. Students must also complete the syllabus quiz within this Orientation Module. Both assignments must be completed in order to gain access to the rest of course material.

Module Quizzes: Each student must complete an open-note, online quiz for modules 1-10. These quizzes are due on Sundays at 11:59pm (with the exception of holidays). These objective quizzes will ask "true/false" and/or "multiple choice" questions to assess understanding of material included within each module. Each quiz will be worth 10 or 20 points, and students will have up to 15 minutes for 10-question quizzes or 30 minutes to complete each 20-question quiz. Correct answers to all of the questions can be found in your text and will not be provided within the quiz after completion.

Please note you are responsible for reading all of the chapters included in the course textbook in order to achieve student learning objectives set for the course. Therefore, please read each included chapter carefully and critically. Pay close attention to bolded keywords, key themes, tables, and figures as you read. I strongly recommended to take personal notes while reading each chapter and listening to video lectures, to be prepared for each module quiz.

Assignments & Discussions: Students will complete a variety of individual assignments to apply knowledge and skills learned in the course. These assignments will usually be due on Tuesdays at 11:59pm in Canvas (with a grace period until the start of class on Wednesday) or in class on Wednesdays or Fridays and will vary in content and instruction. Please be sure to attend class for details, read instructions carefully, and check your work with the grading rubric before submission. We will work with these assignments in class on Wednesdays and occasionally on Fridays.

Course Project: In lieu of exams for this upper division course, students will work in small groups to complete a course project, which will include a series of assignments designed for students to create a lesson plan resulting in an educational screencast/video and material for distribution in person and/or online. Collaboration among group members and peer review across groups are emphasized in this project. Groups will be formed in class. All major due dates for project assignments are provided on the course schedule below.

Perspectives Training: As health educators, we must grow and expand our understanding of ourselves and others. Perspectives is an interactive online learning program that explores the inner workings of the mind and the psychological roots of our ideological differences. The program will provide you with insights to help you better understand yourself and others, and it will equip you with skills to navigate challenging conversations more effectively. Self-awareness and skills to navigate challenging conversations are critical to our work as health educators. Perspectives will send you prompts of when to complete each module with the training (6 modules, each requires a 30 to 45-minute commitment). Further instructions are provided in the Perspectives Training Module and in class.

COURSE GRADING POLICY: Grades will be determined based on your performance on the following activities:

Assignment	Points

Weekly Module Assignments & Discussions	45%
Perspectives Training	5%
