Please note, however, this course is not entirely self-paced.
2. There are select times during which modules and course materials will be available to you. You can view each module's lectures at any time during the dates in which the module is open. However, quizzes, exams, discussion questions and other assignments will only be made available to you until the due date(s) listed. There will be no class meetings for me to remind you of important due dates so please be sure to reference the syllabus to familiarize yourself with these critical deadlines.
3. All assignments, discussions, quizzes, exams, etc. are to be submitted by 11:59pm ET on the date for which the item is due. Discussions, quizzes, and exams submitted after this time will not be eligible for credit.
4. There may be interactive meeting times schedule throughout the semester. These dates and times will be determined according to student and instructor availability.
5. If personal circumstances arise that interfere with your ability to meet a deadline, please let me know as soon as possible prior to the deadline. Only university accepted excuses will be accepted and documentation must be provided before make-up work is accepted. Requirements for make-up quizzes, assignments, and other work are consistent with university policy:

Accommodations are not retroactive, therefore, students should contact the office as soon as possible in the term for which they are seeking accommodations.
8. You have up to three (3) days after the posting of a grade to contact me regarding any issues or concerns, after which the grade is final. Grades are based on a point scale and will not be rounded.
9. This syllabus represents the tentative plans and objectives for the course. As we go through the semester, plans may need to change to enhance a course learning opportunity. Such changes will be communicated clearly, and are not unusual and should be expected.

Academic Integrity

Course Format

This course is an online course and all class sessions (including discussion sessions) will be delivered through Canvas. The course is organized around modules, and four units make up each module as follows:

1. Lectures
2. Readings
3. Quizzes
4. Discussion Questions

Lectures, Readings and Quizzes

Key concepts will be presented through very brief lectures at the beginning of each module. Each lecture will provide an overview of the central ideas associated with specific concepts for each module. The primary purpose of the lecture is to lay the foundation of the various concepts and topics of sport mass media. The primary purpose of the readings is to further explore the specific topics or roles that pertain to sport mass media. A quiz covering the readings for each module will be administered prior to discussions.

Discussion Questions

Discussion questions are used to weave key concepts presented in the lectures and readings into an integrated whole in order to further develop an understanding of the phenomenon in sport. To successfully complete and fully participate in the discussion questions, students will have to do the following:

- View the lectures
- Read and understand the assigned readings prior to the beginning of a discussion
- Prepare and post answers (**150-200 word limit**) to the posted discussion questions
 - Two of the ten discussion questions must be answered via video (**2-3 minutes**)
 - If not completed, the last two weeks of discussions will be counted as a 0 and cannot be dropped
- Respond to two discussions by supporting/disputing the views of others (**50-100 word limit**)

In summary, each module will include five key tasks:

1. *Watch* the lecture
2. *Read* the assigned readings
3. *Complete* the module quiz
4. *Post* written responses to the discussion questions
5. *Post* your reaction to other student's discussion answer and interact with other students

PERFORMANCE EVALUATIONS

Marketing Case Analysis

Each student will present a case analysis that relates to marketing issues and challenges in the sport industry. The topic must be approved by the instructor (submitted via the Canvas *Discussion* by the due date), but it can be anything that interests you in the current news related to sport consumers, events, athletes, product brands, organizations, etc. The case analysis requires a 4-6 page write-up of the case (and citations of your source). You must include a summary of the case, how it relates to class topics, and what you might do as a sport marketer to address the issue you choose (develop and present your marketing/promotional strategies). Most of the grade for this assignment will be based on your ability to communicate the problem, relate it to relevant class topics, and discuss ways to address this problem from a sport marketer's point of view in creative ways. Specific details will be given on Canvas.

Service/Fan Audit

Each student will conduct a service or fan audit of a sport facility (e.g., arena/stadium, fitness club, golf course, swimming pool, etc.) to evaluate the facility's customer service orientation and the quality of their service, and the choice of facility must be approved by the instructor prior to the audit (submitted via the Canvas *Discussion* by the due date). You will act as a customer receiving the service by touring the facility on at least two occasions (specify in your report the times and dates you visited) and carefully observing its operation. The impressions of employees, other customers, and people who have never visited the establishment will all offer useful insight. You will summarize your impressions (both good and bad), and give factual and detailed information. Your comments should be analytical (not descriptive). You should tie your comments back to the concepts learned in the course whenever possible. The final report should be 8-10 pages in length. Specific details will be given on Canvas.

Marketing Industry Challenge

Groups of 2-3 students will develop a comprehensive response to a specific sport industry case challenge. Every aspect of the plan must be as realistic as possible as you will present your group's case challenge response to the sport industry professionals near the end of the semester. You must research thoroughly and present data where applicable throughout the 4-5 minute presentation. You should prepare an appropriate PowerPoint to facilitate a clear and concise presentation. Students will be required to view all of the group presentations by a specific date and will be required to comment on two other Marketing Industry Challenge presentations via the *Discussions* link. Specific details will be given on Canvas.

Reading Quizzes

There will be ten reading quizzes throughout the semester, and the two lowest grades will be dropped. Reading quizzes will consist of 5 questions and you will have 8 minutes to complete them. Reading quizzes will be available Wednesday to Saturday via Canvas and are due by 11:59pm ET Saturday; however, you only get one opportunity to complete it. Reading quizzes are *open* notes. We are not responsible for computer/connection errors, so please make sure you use a reliable computer with a secure connection and take the quizzes earlier in the day to leave you more time in case there is an issue. If you do have technical difficulties, be sure to contact Learning Support Services and email me immediately with a screenshot of the issue.

Discussion Questions

There will be ten discussion questions throughout the semester, and the two lowest grades for each student will be dropped. The discussion questions will pertain to both lecture and reading materials for that week. The discussion questions will be available to you and answered in the *Discussions* link via Canvas. For every week discussion questions are due, each student must answer the questions in 150-200 words in combined length by Friday and post reactions that are 50-100 words in length each to at least two other students' posts by Sunday. For two of the discussions, the discussion questions (not reactions) must be answered by recording a 2-3 minute video recording via the "Upload/Record Media" icon in the *Discussions* link via Canvas. If not completed, the last two discussions will be counted as a 0.

Exams

There will be two exams throughout the semester. The exams will consist of 5-7 short answer questions and you will have 40 minutes to complete them. Exams will be available for a four day period via Canvas and are due by 11:59pm ET on the due date; however, you only get one opportunity to complete it. Exams are *closed* notes. Please make sure you use a reliable computer with a secure connection and take the exams earlier in the day in case there is an issue because we cannot be responsible for technology errors. If you do have technical difficulties, contact Learning Support Services and email me immediately with a screenshot of the issue.
